- (e) For the purposes of this Condition, a “Relevant Subscriber” shall be a residential or domestic subscriber, or a business with fewer than 10 employees located in the Channel Islands.
- (f) For the purposes of this Condition, a “Fixed-Term Contract” shall be defined as a contract involving the supply of telecommunication services by the Licensee with a term of more than 2 months.
- (g) For the avoidance of doubt, any reduction in call and/or text and/or data allowances provided to a Subscriber under a Fixed-Term Contract for a telecommunication service will constitute an increase in the unit price charged to the Subscriber and thus a circumstance to which sub-conditions a), b) and c) would apply. However, for mobile telephone contracts only, increases in charges for calls, texts and data not provided within an inclusive bundle shall be deemed not to be an increase in the unit price.
- (h) Where costs incurred by the Licensee in the provision of a telecommunication service increase significantly, and such increase was not reasonably foreseeable, then the Licensee may apply to the GCRA for, and the GCRA may grant, a waiver of the requirements of this Condition in respect of Fixed-Term Contracts for that telecommunication service.

PART III: GENERAL CONDITIONS RELATING TO THE PROVISION OF TELECOMMUNICATIONS

18. NUMBERING

- 18.1 The Licensee shall use only those Numbers that are allocated to it for the purpose of terminating Messages on the Licensed Telecommunications Network and shall comply with any directions concerning use and allocation which are issued by the GCRA from time to time
- 18.2 The Licensee shall manage any Numbers allocated to it with a view to conserving Numbers as a public resource and shall maintain a record of the status of all Numbers allocated to it and on request, shall provide that information to the GCRA

- 19.1 The Licensee shall provide the Licensed Telecommunications Services in accordance with the requirements of the Wireless Telegraphy Act and Telecommunications Act.
- 19.2 Licensee shall at all times facilitate the proper management of the radio frequency spectrum and shall ensure that the equipment and systems of the Licensee are adequate to prevent or, if necessary, eliminate interference with other authorised radio systems. 20. INTERCONNECTION

- 20.1 The Licensee shall:
- (a) have the right to Interconnect the Licensed Fixed Telecommunications Network with the Fixed Telecommunications Network or Mobile Telecommunications Network of any Other Licensed Operator that has been found to be dominant by the GCRA in the Fixed Telecommunications Network or Mobile Telecommunications Network markets as the case may be, provided the technical standards and specifications for interconnection have been complied with; and

- (b) have an obligation to negotiate interconnection to its Licensed Fixed Telecommunications Network with the Fixed Telecommunications Networks or the Mobile Telecommunications Networks of any Other Licensed Operator whose licence authorises such Interconnection.

20.2 Any disputes between the Licensee and any Other Licensed Operator in relation to matters arising from Condition 20.1 may be referred to the GCRA where either party has a dominant position in the relevant market and disputes so referred shall be determined in accordance with Section 10 (5) and 10(6) of the Telecommunications Law.

21. ACCESS TO FACILITIES

21.1 If the Licensee or the Licensee's Associated Company and any Other Licensed Operator fail to reach agreement within sixty days in respect of a request by the Other Licensed Operator for Access, and the GCRA considers that such Access is essential as being the only economically feasible means by which Telecommunications Networks can be installed or connected to the premises of a User or Subscriber, or over, under, in or across any public right of way or as being the only feasible means of avoiding material damage to the environment, the GCRA may instruct the Licensee to allow, or to procure that the Licensee's Associated Company allows the Other Licensed Operator, Access on reasonable terms unless the GCRA determines that the Licensee or the Licensee's Associated Company concerned, alone or with any other person willing or required to do so, is unable to grant the necessary Access, or that it would otherwise be unreasonable for it to do so.

21.2 In the absence of agreement between the parties, the terms of Access including time limits for completion of any agreement shall be determined by the GCRA.

22. CESSATION OF THE PROVISION OF THE LICENSED TELECOMMUNICATIONS SERVICES

22.1 If the Licensee proposes to cease to provide all or a material part of the Licensed Telecommunications Services it shall give not less than three years notice in writing to the GCRA of the proposal and its plans in relation to the cessation of such Services. Such cessation shall be effected only with the consent of the GCRA and in accordance with any directions given by the GCRA in relation thereto and the Licensee shall comply with any such directions under Condition 22.1.

22.2 At any time within three years before the expiry of the Licence or if the GCRA receives a notice under Condition 22.1 or if the GCRA has made a decision pursuant to section 28 of the Telecommunications law to suspend or revoke the Licence, the GCRA may after consultation with the Licensee direct it in writing to take such steps as are specified in the direction, being steps that the Authority considers necessary or expedient to ensure the safety of the Licensed Telecommunications Services or the continuity and continuation of the provision of Licensed Telecommunications Services or any constituent parts thereof, and the Licensee shall comply with any such directions.

PART IV: CONDITIONS APPLICABLE TO DOMINANT OPERATORS

23. APPLICATION OF CONDITIONS

Where the GCRA has decided, in accordance with Section 5 of the Telecommunications Law, that a licensee has a dominant position in a relevant market, the Authority may determine that provisions of this Part IV apply.

24. EQUAL ACCESS

24.1 The Licensee shall at the request of an Other Licensed Operator or if directed by the GCRA, make Equal Access available to that Other Licensed Operator. The GCRA may direct the terms upon which such Equal Access shall be provided and the GCRA may make subsequent directions modifying or supplementing the regulation of Equal Access. In this Condition, "Equal Access" means a facility provided whereby a User can access the Telecommunications Network or Telecommunications Services offered by an Other Licensed Operator. The User's choice may be made in either of the following ways, subject to the requirements of the direction:

- (a) by pre-selection, that is to say the User registers with the Licensee the name of the Other Licensed Operator which will convey all his calls (but the Licensee may offer a facility to overwrite the preference in the case of any particular call); or
- (b) on a call-by-call basis using any numbers or codes allocated for this purpose by the appropriate licensing authority.

24.2 The Licensee may not charge any fee or require the Subscriber to acquire any special equipment as a pre-requisite to obtaining Equal Access or changing its designation of preferred Operator.

25. INTERCONNECTION

25.1 The Licensee shall on request, Interconnect the Licensed Telecommunications Network with the Telecommunications Network or the Mobile Telecommunications Network of any Other Licensed Operator whose licence authorises such Interconnection, at any technically feasible point.

25.2 The Licensee shall make available to interested parties such Technical Standards and Specifications as may be required to enable connection to the Licensed Telecommunications and Network. The GCRA may issue a direction as to the information that must be provided.

25.3 The Licensee shall not be required to enter into an Interconnection agreement or provide Interconnection services if that agreement or the provision of those services would:

- (a) be technically infeasible or if it could reasonably be expected materially to impair the quality of any Licensed Telecommunications Service; or
- (b) threaten the integrity, security, or interoperability of the Licensed Telecommunications or Network in a material way,

provided that the Licensee informs the Other Licensed Operator, in writing, with a copy to the GCRA forthwith justifying its decision to refuse Interconnection or its intention to terminate Interconnection services under an Interconnection agreement. The GCRA may determine whether the action by the Licensee is reasonable and issue directions accordingly.

25.4 The Licensee shall provide copies of any interconnect agreements to the GCRA and such agreements shall be made available to interested parties upon request being made in writing to

the GCRA. The GCRA may determine following consultation with the Licensee those aspects which deal with the commercial strategy of the parties and those aspects shall not be made available.

25.5 The GCRA may direct that changes be made to any interconnect agreement to ensure that it is in compliance with the Telecommunication Law.

26. LEASED CIRCUITS

26.1 The Licensee shall offer to lease out circuits for any lawful purpose:

- (a) on publicly advertised conditions and on non-discriminatory terms. This is without prejudice to discounts that are in accordance with Condition 31;
- (b) within a reasonable and published period of time from any request;
- (c) so as to meet the quality standards required under the Conditions; and
- (d) at prices that do not exceed levels determined from time to time by the GCRA.

26.2 The Licensee shall offer to lease out circuits to other licensed operators on terms that are no less favourable than those on which the Licensee makes equivalent leased circuits available to its Associated Companies or its own business divisions

26.3 The Licensee shall not be obliged to provide, and may cease to provide, leased circuits to Users in cases in which:

- (a) use of the leased circuits in the manner proposed would harm the integrity, security or interoperability of the Licensed Telecommunications Network or Licensed Telecommunications Services in a material way; or
- (b) the leased circuits will be connected to Customer Premises Equipment that is not approved for connection to the Licensed Telecommunications Network.

26.4 If the Licensee refuses to provide leased circuits or intends to terminate the provision of a leased circuit service on grounds that the User of the leased circuits is acting in a manner set out in Condition 26.3, the Licensee shall immediately give its reasons in writing to the User, and submit a copy to the GCRA. The GCRA may consider whether the reasons given for the refusal or the intention to terminate the leased circuit are justified and issue directions accordingly.

26.5 The Licensee may include in its agreements with Users of leased circuits, reasonable restrictions consistent with Condition 26.3.

27. SEPARATE ACCOUNTS

Within six months of the Licence Commencement Date, the Licensee shall prepare and maintain accounting records in a form that enables the activities specified in any direction given by the GCRA to be separately identifiable, and which the GCRA considers to be sufficient to show and explain the transactions of each of those activities. The GCRA may direct the Licensee as to the basis and timing of such reports as the GCRA may require.

28. CROSS SUBSIDISATION

28.1 The Licensee shall not unfairly cross subsidise or unfairly subsidise the establishment, operation or maintenance of any Telecommunications Network or Telecommunications Services.

28.2 To enable the GCRA to evaluate where any unfair cross-subsidisation or unfair subsidisation is taking place, the Licensee shall record at full cost in its accounting records any material transfer of assets, funds, rights or liabilities between a part and any other part of its business, and between it and any Associated Company, and shall comply with any directions issued by the GCRA for this purpose.

29. UNDUE PREFERENCE AND UNFAIR DISCRIMINATION

The Licensee shall not show undue preference to, or exercise unfair discrimination against, any User or Other Licensed Operator regarding the provision of any Licensed Telecommunications Services or Access. The Licensee will be deemed to be in breach of this Condition if it favours any business carried on by the Licensee or an Associated Company or Other Licensed Operator so as to place Other Licensed Operators competing with that business at an unfair disadvantage in relation to any licensed activity.

30. LINKED SALES

30.1 The Licensee shall not make it a condition of providing any Licensed Telecommunications Services, or providing Access that a Subscriber, User or Other Licensed Operator should acquire from the Licensee, or any person specified by the Licensee, any Telecommunications Service or Telecommunications Apparatus including Customer Premises Equipment, other than the one that is specifically required by the person concerned, unless the Licensee has notified the GCRA of its intention to do so and has satisfied him that there are technical reasons why such a bundling of Telecommunications Services and/or Telecommunications Apparatus should occur, or that there is a sufficient economic benefit to Users to justify the bundling.

30.2 The provisions of Condition 30.1 shall not prevent the Licensee from offering discounts in accordance with any discount scheme which complies with Condition 31.

31. PRICE REGULATED SERVICES

31.1 Where the Licensee intends to introduce:

- (a) new prices for any Licensed Telecommunications Services, or prices for new Licensed Telecommunications Services to be introduced by the Licensee;
- (b) any discounts to published prices for Licensed Telecommunications Services within a Relevant Market in which the Licensee has been found to be dominant or for any Subscribers to whom additional services or goods are provided by the Licensee or any of its Associated Companies; or
- (c) special offers to all or any of its customers for particular categories of Licensed Telecommunications Services where those Licensed Telecommunications Services have been found to be within a Relevant Market in which the Licensee has been found to be dominant,

it shall publish the same at least twenty one (21) days prior to their coming into effect or otherwise as required by law, and provide full details of the same to the GCRA.

31.2 The GCRA may determine the maximum level of charges the Licensee may apply for Licensed Telecommunications Services within a Relevant Market in which the Licensee has been found to be dominant. A determination may;

- (a) provide for the overall limit to apply to such Licensed Telecommunications Services or categories of Licensed Telecommunications Services or any combination of Licensed Telecommunications Services;

- (b) restrict increases in any such charges or to require reductions in them whether by reference to any formula or otherwise; or
- (c) provide for different limits to apply in relation to different periods of time falling within the periods to which any determination applies.

31.3 All published prices, discount schemes and special offers of or introduced by the Licensee for Licensed Telecommunications Services shall be transparent and non-discriminatory; all discount schemes shall be cost-justified and all special offers shall be objectively justifiable.

31.4 If the GCRA, after consulting the Licensee and such other persons as he may determine, is satisfied that any published price, discount scheme or special offer is in breach the Regulation Law, Telecommunications Law or this Licence, the GCRA may, by issuing a direction, require the Licensee to bring the relevant prices, discount schemes or special offers into conformity with the Laws and/or the requirements of this Licence.

PART V: FAIR COMPETITION

32. FAIR COMPETITION

The Licensee shall:

- (a) not engage in any practice or enter into any arrangement that has the object or the likely effect of preventing, restricting or distorting competition in the establishment, operation and maintenance of Telecommunications Networks or the provision of Telecommunications Services in the licensed area; and
- (b) comply with any direction issued by the GCRA for the purpose of preventing any practice or arrangement that has the object or effect of preventing, restricting or distorting competition in the establishment, operation and maintenance of Telecommunications Networks or the provision of Telecommunications Services.

33. MISUSE OF DATA

The Licensee shall not make use of network or traffic data, traffic profiles or any other data of any nature which become available to it directly or indirectly as a result of entering into Interconnection arrangements or otherwise as a result of carrying Messages, in any way which, in the reasonable opinion of the GCRA, would unduly prefer the interests of any business carried on by the Licensee or an Associated Company of the Licensee, or place Other Licensed Operators at an unfair disadvantage.

PART VI: ADDITIONAL CONDITIONS IN RESPECT OF THE PROVISION OF SATELLITE TELECOMMUNICATIONS NETWORKS AND SERVICES

34. SCOPE OF THIS PART

- 34.1 This Part of the Licence authorises the Licensee to establish, operate and maintain the Licensed Satellite Telecommunications Network and/or provide the Licensed Satellite Telecommunications Services in the Bailiwick of Guernsey for the Term.
- 34.2 Conditions within the other parts of this licence are equally applicable to the establishment, operation and maintenance of the Licensed Satellite Telecommunications Network and provision of the Licensed Satellite Telecommunications Services, except when in conflict with this Part or where clearly incapable of such application.
- 34.3 Should the Licensee itself ever provide voice services to its Subscribers as a Satellite Telecommunications Service (whether alone or together with other services), it shall specifically warn any Subscriber, prior to their contracting this Service, that the Licensee does not provide Public Emergency Call Services and shall also make this clear on its website.

35. DEFINITIONS FOR THIS PART

- 35.1 For the purposes of this Part, in addition to the general definitions in Clause 1:

“Latest Service Launch Date”: means eighteen months after the date that a Satellite (Non-Geostationary Earth Station) Licence or a Satellite (Permanent Earth Station) Licence for Guernsey is issued by OFCOM, although the GCRA may extend this date prior to the expiry of the eighteen month period, but only in exceptional circumstances.

“Earth Station Network”: means any number of earth station terminals operating in a network where traffic is routed via satellite to and from a hub or gateway earth station (save that in the case of the Wholesale Satellite Telecommunications Provider this hub or gateway earth station cannot be in the Bailiwick).

“Gateway Earth Station Services”: means the provision of Licensed Satellite Telecommunications Services that utilise a Permanent or Non-Geostationary Gateway Earth Station in Guernsey.

“Non-Geostationary Gateway Earth Station”: A non-geostationary gateway earth station is a satellite gateway earth station operating from a permanent, specified location for the purpose of providing wireless telegraphy links with one or more non-geostationary satellites in certain frequency bands allocated to the fixed-satellite service by OFCOM.

“Permanent Gateway Earth Station”: means a fixed sited gateway earth station that communicates with geostationary satellites operating in certain frequency bands allocated to the fixed-satellite service and assigned for Earth-to-space transmission by OFCOM.

“Retail Satellite Telecommunications Provider”: means a telecommunication licensee authorised under this Part VI, who provides Licensed Satellite Telecommunication Services to any end-consumers in the Bailiwick through a Wholesale Satellite Telecommunications Provider with whom it has a service contract.

“Wholesale Satellite Telecommunications Provider”: means any person who is exempted from holding a telecommunications licence, operates an Earth Station Network in the Bailiwick, but who only supplies Satellite Telecommunications Services to any Retail Satellite Telecommunications Provider and not to any end-consumers in the Bailiwick.”

36. OBLIGATION TO COMPLY WITH WIRELESS TELEGRAPHY LICENCE

The Licensee shall comply with any other requirement in law or practice to obtain any additional consents, permissions, authorisations or licences as may be necessary for the provision of the

Licensed Satellite Telecommunications Services or Licensed Satellite Telecommunications Network. Such licences may include, but not be limited to, a Wireless Telegraphy Licence to use appropriate radio frequency spectrum to operate the Licensee's Licensed Satellite Telecommunications Network.

37. PROVISION OF GATEWAY EARTH STATION SERVICES

37.1 A Licensee who holds a Satellite (Non-Geostationary Earth Station) Licence or a Satellite (Permanent Earth Station) Licence for Guernsey shall ensure that it begins providing Gateway Earth Station Services by the Latest Service Launch Date.

37.2 The Licensee in 4.1. shall ensure that at all times after the Latest Service Launch Date it provides Gateway Earth Station Services.

38. CERTAIN LICENSEES TO BE THE SAME AS THE WTA LICENCE HOLDER

Save where the Licensee is a Retail Satellite Telecommunications Provider, the Licensee authorised under this Part may only be the same person that holds the relevant Satellite (Earth Station Network), Satellite (Non-Geostationary Earth Station) or Satellite (Permanent Earth Station) Licence issued in terms of the UK Wireless Telegraphy Act 2006 (as this Act has effect in the Bailiwick) and which is required to operate its Licensed Satellite Telecommunications Network and to deliver its Licensed Satellite Telecommunications Services.
