

QoS

Delivery Roadmap

WORK PLAN ITEM 1

Invite Providers

GCRA sends individual invitations to each service provider inviting them for an update on the QoS consultation

Completed

Meet Providers

GCRA meets with all four service providers individually and run through QoS requirements, gain feedback and share speed test data.

Completed

Confirm Requirements

GCRA confirms with service providers what data is required and provides QoS input data form and a calendar of when completed form should be submitted.

Ongoing

Share with Providers

GCRA shares previous quarter's speed test results with service providers to provide awareness prior to publication.

9am 4 April 2024

Share Publicly

GCRA shares previous quarter's speed test results publicly as an example of the benefit of the QoS Consultation with separate media release.

12pm 4 April 2024

Regular Distribution

GCRA updates website with all QoS variables on a quarterly basis. Some operators will not have all data available from launch but will be added once received.

From June 2024
