¹⁵ Condition amended on 12 July 2024 by way of a GCRA Final Licence Modification Decision of 12 July 2024 in Matter T1676G, entitled "Licence Modification: Consumer Protection".

¹⁶ Condition amended on 25 April 2025 by way of a GCRA Final Licence Modification Decision of 25 April 2025 in Matter T1687G, entitled "Telecommunications Licence Modernisation".

- 17.4 The Licensee shall provide each of its Subscribers with an acceptable level of itemised billing for international calls, at no additional charge. On request by a Subscriber, the Licensee shall also provide itemised billing for local calls at a reasonable charge. The itemised bill produced by the Licensee shall in all cases provide sufficient detail to facilitate verification of charges incurred by the Subscriber in using the Licensed Telecommunications Services. Calls which are free of charge to the user, including calls to helplines, shall not be identified in the subscriber's itemised bill.
- 17.5 The Licensee shall within three months of the Licence Commencement Date publish an appropriate code of practice ("**Consumer Code**") for the resolution of Subscriber or User disputes, including but not limited to the non-payment of bills and disconnection. The GCRA may from time to time issue directions to the Licensee specifying any modifications or additions that the Authority considers should be made to the Consumer Code.
- 17.6 The Consumer Code shall identify a transparent, simple, inexpensive procedure in order to address, inter alia, the following:
- (a) the appointment of a representative of the Licensee to be the first point of contact for User and Subscribers;
 - (b) a means of recording complaints against and disagreements with the Licensee;
 - (c) the procedure and time frame in which the Licensee will respond to complaints and disagreements; and
 - (d) the method and duration of retention of records of complaints and disagreements; and
 - (e) the level of any compensation that the Licensee may offer where complaints have been upheld or not satisfactorily resolved.
- 17.7 The Consumer Code may be amended by the Licensee from time to time, provided that the Licensee shall notify the GCRA and publish the proposed changes 28 days in advance of their coming into effect. The GCRA may issue directions to the Licensee as to the changes, including but not limited to directions not to make the changes, directions to amend the changes further or directions as to the timing of the changes.
- 17.8 The Licensee shall publish a statement setting out the minimum service levels for Users and Subscribers in respect of each category of Licensed Telecommunications Services it offers, any exceptions to these, and the compensation or refunds it will offer to Subscribers or prospective Subscribers where service levels are not met. The licensee shall also submit the statement to the GCRA.
- 17.9 The GCRA may consult publicly on statement provided in accordance with Condition 17.8 and issue directions to the Licensee specifying any modifications or additions that the Authority considers should be made to the statement. The Licensee shall then re-publish the statement in the agreed form, in accordance with any directions as to publication made by the GCRA, and shall forthwith implement the same. The GCRA may from time to time issue further directions requiring modifications or additions to the statement and as to its re-publication and implementation.

- 17.10 The Licensee shall submit at the end of every six months, or at such other intervals as the GCRA directs, a written report to the GCRA setting out:
- (a) the extent to which the Licensee has succeeded in meeting the targets described in Condition 17.8;
 - (b) the compensation that has been paid in relation to complaints or disagreements where the Subscribers complaints were upheld and why complaints were dismissed; and
 - (c) such other matters that the GCRA directs should be included in the report.
- 17.11 The Licensee shall ensure the accuracy and reliability of any systems, equipment, data or procedures which the Licensee uses to measure or to track the provision of Licensed Telecommunications Services or for the calculation of related charges.
- 17.12 The GCRA may require the licensee to set up, at its expense, a User Council or Councils for the specific purpose of obtaining and representing the views of customers.
- 17.13 :¹⁷
- (a) The Licensee shall give a Relevant Subscriber not less than two calendar months' notice in writing of any increase to the unit price of a telecommunication service supplied under a Fixed-Term Contract.
 - (b) If the Licensee wishes to increase the unit price of a telecommunication service supplied under a Fixed-Term Contract, it shall allow a Relevant Subscriber to terminate its contract for that telecommunication service without penalty, provided that: (i) notice is given in writing by the Relevant Subscriber to the Licensee at any time during the notice period referred to in sub-condition a); and (ii) the Relevant Subscriber pays to the Licensee any outstanding subsidy in respect of telecommunications equipment supplied at no charge or at a discount by the Licensee under the contract.
 - (c) As part of any notice referred to in sub-condition (a), the Licensee shall inform the Relevant Subscriber of (i) its ability to terminate its contract for that telecommunication service without penalty; and (ii) the amount of the outstanding telecommunications equipment subsidy referred to in sub-condition (b).
 - (d) This condition shall not apply to an increase in the unit price of a telecommunication service supplied under a Fixed-Term Contract, provided that:
 - a. the increase is directly referable to the introduction of, or increase in, direct taxes or other government duties or levies, and the relevant contract clearly permits the Licensee to make that increase; or
 - b. the quantum of the increase in unit price and the timing of the increase are set out clearly in the relevant contract (whether as an actual amount, or by reference to a price index),

¹⁷ Inserted by CICRA 14/R27 of July 2014 and effective 1 October 2014.

and, in each case, the provision allowing the operator to make the increase is prominently displayed in the contract.

- (e) For the purposes of this Condition, a "Relevant Subscriber" shall be a residential or domestic subscriber, or a business with fewer than 10 employees located in the Channel Islands.
- (f) For the purposes of this Condition, a "Fixed-Term Contract" shall be defined as a contract involving the supply of telecommunication services by the Licensee with a term of more than 2 months.
- (g) For the avoidance of doubt, any reduction in call and/or text and/or data allowances provided to a Subscriber under a Fixed-Term Contract for a telecommunication service will constitute an increase in the unit price charged to the Subscriber and thus a circumstance to which sub-conditions (a), (b) and (c) would apply. However, for mobile telephone contracts only, increases in charges for calls, texts and data not provided within an inclusive bundle shall be deemed not to be an increase in the unit price.
- (h) Where costs incurred by the Licensee in the provision of a telecommunication service increase significantly, and such increase was not reasonably foreseeable, then the Licensee may apply to the GCRA for, and the GCRA may grant, a waiver of the requirements of this Condition in respect of Fixed-Term Contracts for that telecommunication service.

20. ACCESS TO LAND¹⁹

- 20.1 The Licensee shall be entitled to all powers and rights and subject to all such obligations as are set out in the Code. Nothing in this Licence shall absolve the Licensee from any requirement in law to obtain such additional consents, permissions, authorizations or licences as may be necessary for the provision of the Licensed Telecommunications Network and the Licensed Telecommunications Services and for the exercise of its rights or discharge of its obligations under the Licence.

21. ACCESS TO FACILITIES²⁰

- 21.1 If the Licensee or the Licensee's Associated Company and any Other Licensed Operator fail to reach agreement within sixty days in respect of a request by the Other Licensed Operator for Access, and the GCRA considers that such Access is essential as being the only economically feasible means by which Telecommunications Networks can be installed or connected to the premises of a User or Subscriber, or over, under, in or across any public right of way or as being the only feasible means of avoiding material damage to the environment, the GCRA may instruct the Licensee to allow, or to procure that the Licensee's Associated Company allows the Other Licensed Operator, Access on reasonable terms unless the GCRA determines that the Licensee or the Licensee's Associated Company concerned, alone or with any other person willing or required to do so, is unable to grant the necessary Access, or that it would otherwise be unreasonable for it to do so.

- 21.2 In the absence of agreement between the parties in accordance with Condition 21, the terms of Access including time limits for completion of any agreement shall be determined by the GCRA.

22. CESSATION OF THE PROVISION OF THE LICENSED TELECOMMUNICATIONS SERVICES

- 22.1 If the Licensee proposes to cease to provide all or a material part of the Licensed Telecommunications Services it shall give not less than three years notice in writing to the GCRA of the proposal and its plans in relation to the cessation of such Services. - 22.2 At any time within three years before the expiry of the Licence or if the GCRA receives a notice under Condition 22.1 or if the GCRA has made a decision pursuant to section 28 of the Telecommunications law to suspend or revoke the Licence, the GCRA may after consultation

PART IV: CONDITIONS APPLICABLE TO DOMINANT OPERATORS

23. APPLICATION OF CONDITIONS

- 23.1 Where the GCRA has decided, in accordance with Section 5 of the Telecommunications Law, that a licensee has a dominant position in a relevant market, the Authority may determine that provisions of this Part IV apply.

24. EQUAL ACCESS

- 24.1 The Licensee shall at the request of an Other Licensed Operator or if directed by the GCRA, make Equal Access available to that Other Licensed Operator. The GCRA may direct the terms upon which such Equal Access shall be provided and the GCRA may make subsequent directions modifying or supplementing the regulation of Equal Access. In this Condition, "**Equal Access**" means a facility provided whereby a User can access the Telecommunications Network or Telecommunications Services offered by an Other Licensed Operator. The User's choice may be made in either of the following ways, subject to the requirements of the direction:
- (a) by pre-selection, that is to say the User registers with the Licensee the name of the Other Licensed Operator which will convey all his calls (but the Licensee may offer a facility to overwrite the preference in the case of any particular call); or
 - (b) on a call-by-call basis using any numbers or codes allocated for this purpose by the appropriate licensing authority.
- 24.2 The Licensee may not charge any fee or require the Subscriber to acquire any special equipment as a pre-requisite to obtaining Equal Access or changing its designation of preferred Operator.

25. INTERCONNECTION

- 25.1 The Licensee shall on request, Interconnect the Licensed Telecommunications Network with the Telecommunications Network or the Mobile Telecommunications Network of any Other Licensed Operator whose licence authorizes such Interconnection, at any technically feasible point.
- 25.2 The Licensee shall make available to interested parties such Technical Standards and Specifications as may be required to enable connection to the Licensed Telecommunications and Network. The GCRA may issue a direction as to the information that must be provided.
- 25.3 The Licensee shall not be required to enter into an Interconnection agreement or provide Interconnection services if that agreement or the provision of those services would:
- (a) be technically infeasible or if it could reasonably be expected materially to impair the quality of any Licensed Telecommunications Service; or

- (b) threaten the integrity, security, or interoperability of the Licensed Telecommunications or Network in a material way,

provided that the Licensee informs the Other Licensed Operator, in writing, with a copy to the GCRA forthwith justifying its decision to refuse Interconnection or its intention to terminate Interconnection services under an Interconnection agreement. The GCRA may determine whether the action by the Licensee is reasonable and issue directions accordingly.

- 25.4 The Licensee shall provide copies of any interconnect agreements to the GCRA and such agreements shall be made available to interested parties upon request being made in writing to the GCRA. The GCRA may determine following consultation with the Licensee those aspects which deal with the commercial strategy of the parties and those aspects shall not be made available.
- 25.5 The GCRA may direct that changes be made to any interconnect agreement to ensure that it is in compliance with the Telecommunication Law.

26. LEASED CIRCUITS

- 26.1 The Licensee shall offer to lease out circuits for any lawful purpose:
 - (a) on publicly advertised conditions and on non-discriminatory terms. This is without prejudice to discounts that are in accordance with Condition 32;

 - (c) so as to meet the quality standards required under the Conditions; and
 - (d) at prices that do not exceed levels determined from time to time by the GCRA.
- 26.2 The Licensee shall offer to lease out circuits to other licensed operators on terms that are no less favourable than those on which the Licensee makes equivalent leased circuits available to its Associated Companies or its own business divisions
- 26.3 The Licensee shall not be obliged to provide, and may cease to provide, leased circuits to Users in cases in which:
 - (a) use of the leased circuits in the manner proposed would harm the integrity, security or interoperability of the Licensed Telecommunications Network or Licensed Telecommunications Services in a material way; or
 - (b) the leased circuits will be connected to Customer Premises Equipment that is not approved for connection to the Licensed Telecommunications Network.
- 26.4 If the Licensee refuses to provide leased circuits or intends to terminate the provision of a leased circuit service on grounds that the User of the leased circuits is acting in a manner set out in Condition 26.3, the Licensee shall immediately give its reasons in writing to the User, and submit a copy to the GCRA. The GCRA may consider whether the reasons given for the refusal or the intention to terminate the leased circuit are justified and issue directions accordingly.

- 26.5 The Licensee may include in its agreements with Users of leased circuits, reasonable restrictions consistent with Condition 26.3.

27. SEPARATE ACCOUNTS

- 27.1 Within six months of the Licence Commencement Date, the Licensee shall prepare and maintain accounting records in a form that enables the activities specified in any direction given by the GCRA to be separately identifiable, and which the GCRA considers to be sufficient to show and explain the transactions of each of those activities. The GCRA may direct the Licensee as to the basis and timing of such reports as the GCRA may require.

28. CROSS SUBSIDISATION

- 28.1 The Licensee shall not unfairly cross subsidise or unfairly subsidise the establishment, operation or maintenance of any Telecommunications Network or Telecommunications Services.
- 28.2 To enable the GCRA to evaluate where any unfair cross-subsidisation or unfair subsidisation is taking place, the Licensee shall record at full cost in its accounting records any material transfer of assets, funds, rights or liabilities between a part and any other part of its business, and between it and any Associated Company, and shall comply with any directions issued by the GCRA for this purpose.

29. UNDUE PREFERENCE AND UNFAIR DISCRIMINATION

- 29.1 The Licensee shall not show undue preference to, or exercise unfair discrimination against, any User or Other Licensed Operator regarding the provision of any Licensed Telecommunications Services or Access. The Licensee will be deemed to be in breach of this Condition if it favours any business carried on by the Licensee or an Associated Company or Other Licensed Operator so as to place Other Licensed Operators competing with that business at an unfair disadvantage in relation to any licensed activity.

30. LINKED SALES

- 30.1 The Licensee shall not make it a condition of providing any Licensed Telecommunications Services, or providing Access that a Subscriber, User or Other Licensed Operator should acquire from the Licensee, or any person specified by the Licensee, any Telecommunications Service or Telecommunications Apparatus including Customer Premises Equipment, other than the one that is specifically required by the person concerned, unless the Licensee has notified the GCRA of its intention to do so and has satisfied it that there are technical reasons why such a bundling of Telecommunications Services and/or Telecommunications Apparatus should occur, or that there is a sufficient economic benefit to Users to justify the bundling.

- 30.2 The provisions of Condition 30.1 shall not prevent the Licensee from offering discounts in accordance with any discount scheme which complies with Condition 31.

31. PRICE REGULATED SERVICES²¹

- 31.1 Where the Licensee intends to introduce a new Price for any Licensed Telecommunications Services it provides or intends to introduce, it shall publish that Price at least twenty-one (21) days for fixed retail products and services and thirty (30) days for fixed wholesale products and services prior to their coming into effect or otherwise as required by law. - 31.3 All Prices shall be transparent, non-discriminatory and objectively justifiable.
- 31.4 The GCRA may by direction determine the maximum level of charges the Licensee may apply for Licensed Telecommunications Services within a Relevant Market in which the Licensee has been found to be dominant. A determination may:
- (a) provide for the overall limit to apply to such Licensed Telecommunications Services or categories of Licensed Telecommunications Services or any combination of Licensed Telecommunications Services; or
 - (b) restrict increases in any such charges or to require reductions in them whether by reference to any formula or otherwise; or
 - (c) provide for different limits to apply in relation to different periods of time falling within the periods to which any determination applies.
- 31.5 If the GCRA, after consulting the Licensee and such other persons as it may determine, is satisfied that any price is in breach of the Regulation Law, the Telecommunications Law or this Licence, the GCRA may, by issuing a direction, require the Licensee to bring that price into conformity with the Laws and/or the requirements of this Licence.
- 31.6 The GCRA may, after consulting the Licensee and such other persons as it may determine, and for specific services only, replace the obligation in Condition 31 to publish changes at least 21 or 30 days in advance of their coming into force with an obligation to notify the GCRA on the day of the changes coming into force and to put the notification prominently on its website.
- 31.7 In this Condition 31 the term "day" means a calendar day.

²¹ Condition amended on 25 April 2025 by way of a GCRA Final Licence Modification Decision of 25 April 2025 in Matter T1687G, entitled "Telecommunications Licence Modernisation".

33. MISUSE OF DATA

33.1 The Licensee shall not make use of network or traffic data, traffic profiles or any other data of any nature which become available to it directly or indirectly as a result of entering into Interconnection arrangements or otherwise as a result of carrying Messages, in any way which, in the reasonable opinion of the GCRA, would unduly prefer the interests of any business carried on by the Licensee or an Associated Company of the Licensee, or place Other Licensed Operators at an unfair disadvantage.

- (a) those Numbers have been Allocated to the Licensee; or
 - (b) the Licensee has been authorised (either directly or indirectly) to Adopt those Numbers by the person to whom those Numbers have been Allocated.

“For the avoidance of doubt, and in accordance with section 1(2) of the Communications Act 2003 as extended to the Bailiwick, under subsection (1) [of the Law] the [Guernsey Competition and Regulatory Authority (GCRA)] may enter into an arrangement with Ofcom under which Ofcom shall have the function of establishing a Guernsey Numbering Scheme in the Bailiwick, including (for the avoidance of doubt) the power to do anything incidental or conducive to the carrying out of that function, and such a scheme shall be susceptible to modification by Ofcom after consultation with the [GCRA].”

2. This document constitutes the numbering scheme for the Bailiwick of Guernsey (the **Guernsey Numbering Scheme**), as defined in section 31 of the Law. It has been established pursuant to section 11(1A) of the Law and the arrangements set out in the Memorandum of Understanding between Ofcom and the Guernsey Competition and Regulatory Authority (**GCRA**) dated [...], as amended.
3. In accordance with section 11 of the Law, so far as is practicable and in accordance with international best practice, this Guernsey Numbering Scheme:
 - (a) takes into account the needs of licensees and users in the Bailiwick; and
 - (b) promotes the efficient use of numbers in the Bailiwick.
4. This Guernsey Numbering Scheme, including the steps Ofcom will carry out in accordance with this Guernsey Numbering Scheme, will facilitate the carrying out of Ofcom’s numbering functions under sections 1(2) and 56 – 63 of the UK Communications Act 2003 (the **UK Act**) and section 11 of the Law.
5. References to licensees in this Guernsey Numbering Scheme are references to licensees as defined in section 31 of the Law. Except in so far as the context otherwise requires, other words or expressions shall have the meaning assigned to them in the Law.

B. APPLICATION OF THE UK NATIONAL TELEPHONE NUMBERING PLAN

6. Ofcom is required under section 56 of the UK Act to publish a National Telephone Numbering Plan, setting out the telephone numbers available for allocation in the UK and any restrictions on how they may be adopted or used in the UK (the **UK Plan**). The UK Plan is published on Ofcom’s website and amended from time to time.
7. For the purposes of this Guernsey Numbering Scheme the UK Plan should be read as setting out the telephone numbers available for allocation in the Bailiwick and any restrictions on how they may be adopted or used in the Bailiwick subject to the following parts being excluded:

- (a) Section B3.8 of the UK Plan relating to Global Titles;
 - (b) Section B4 and Section C6 of the UK Plan relating to tariff principles and maximum prices;

8. For the purposes of the Guernsey Numbering Scheme, references to communications providers within the UK Plan should be read as references to licensees and other words or expressions in the UK Plan should be construed as relating to licensees in the Bailiwick that that use numbers in the UK Plan.

C. APPLICATIONS FOR NUMBERS

9. Licensees can apply to Ofcom for an allocation or reservation of telephone numbers in the UK Plan for use in Guernsey by:
- (a) using Ofcom's online number management system or, if that system is unavailable, the application form made available on the Ofcom website from time to time;
 - (b) providing such information as is required by such system or application form; and
 - (c) providing to Ofcom, on request, any other information considered by Ofcom to be relevant to the application, and the supply of which does not place an undue burden on the Licensee.
10. Ofcom will determine, taking into account the provisions of the UK Plan, any application for telephone numbers by the end of the period of three weeks after the date of the receipt by it of the completed application form. Where Ofcom has required any additional information in relation to any application, Ofcom will determine the application by the end of the period of three weeks after the date of the receipt by it of that additional information.
11. Ofcom may deny an application for an allocation or reservation of telephone numbers in the UK Plan for use in Guernsey, including where:
- (a) the applicant is not a Licensee;
 - (b) the Licensee has not provided Ofcom with the information required by Ofcom under paragraph 9 above by any deadline set by Ofcom;
 - (c) Ofcom does not consider granting the allocation or reservation of telephone numbers will ensure the best and most efficient use of numbers including where:
 - i. Ofcom is concerned that the Licensee's intended use of the telephone numbers or the arrangements or processes it has in place will not enable

it to comply with this Guernsey Numbering Scheme or any restrictions or requirements Ofcom may intend to apply to the specific telephone numbers the Licensee has applied for (taking into account any evidence of existing non-compliance by the Licensee);

- ii. taking into account the Licensee's intended use of the telephone numbers, Ofcom does not consider it necessary for the Licensee to be allocated or reserved all or some of the telephone numbers it has applied for;
 - iii. taking into account any evidence that scams or other criminal activity are taking place on telephone numbers already allocated to the Licensee, Ofcom is concerned that the arrangements or processes the Licensee has in place are insufficient to prevent scams or other criminal activity on any new telephone numbers Ofcom may allocate or reserve for the Licensee; or
 - iv. the GCRA has provided information to Ofcom indicating that the application should be denied, including but not limited to that (1) the Licensee is not, or is no longer, a fit and proper person to whom numbers should be allocated or for whom numbers should be reserved; or (2) the GCRA has provided information to Ofcom indicating that the Licensee has repeatedly or seriously breached its licence conditions relating to numbering.
12. Where Ofcom denies an application for an allocation or reservation of telephone numbers in the UK Plan for use in Guernsey, it shall provide the Licensee with reasons for that denial which enable the Licensee to understand any steps it would need to take to address Ofcom's concerns.
13. Licensees can submit a new or amended application (in accordance with the process set out in paragraph 9 above) for an allocation or reservation of telephone numbers in the UK Plan for use in Guernsey at any time after they have addressed Ofcom's concerns and Ofcom shall determine that application in accordance with paragraph 10 above.
14. Where Ofcom grants an application for an allocation or reservation of telephone numbers in the UK Plan for use in Guernsey, it may also identify any restrictions or requirements applicable to the specific telephone numbers the Licensee has been allocated or reserved.
15.
